

## SHINGO 100

### SHINGO TRANSFORMATIONAL MODEL FOR OPERATIONAL EXCELLENCE

#### OPPORTUNITY

#### Content Summary

This online course is designed to introduce the Shingo Prize Model and the underlying principles behind the Shingo Prize philosophy and approach. You will get an in-depth look at the levels of transformation and the various business processes that are presented in the model and an understanding of the transformational path ahead of your organization in pursuing a lean culture.

You will also learn about various tools, activities, and systems that support a principle-driven lean culture. Through several interactive team simulations, you will learn about the assessment process and how to apply this methodology within your own organization.

#### Learning Objectives

The course will help leaders and managers identify where their organization is on the lean journey and to assess the breadth and depth of lean implementation already in place within the organization.

- Providing a deeper understanding of what each dimension in the model represents
- Defining what it means to progress through each individual dimension with respect to the levels of transformation (Tools & Techniques, Systems, and Principles)
- Enabling organizational assessment along the lean transformation journey

#### Learning Method

This training occurs in a self-paced e-learning environment that combines a case-study with an interactive virtual Shingo examiner team, hands-on exercises, simulations, and dynamic polls and surveys

- All necessary forms are provided for download
- Picture examples from Shingo Prize Recipients

The course has an outline of 17 modules that requires a minimum of 5 hours to complete. Once started the student has 3 months to complete the course. After the certificate of completion is printed the course will expire.

#### Delivery Media

Self-paced E-Learning Course  
Handouts (Forms, Model, Guidelines, Glossary)  
Animations (Adobe Flash)  
Audio/video
